# Our Disaster Recovery Plan Goes Something Like This...

[Company Name] [Project Name] [Revision Number]

### 3 Application profiles

#### 3.1 Priority Systems

Identify and discuss the key systems that must be recovered in the event of a disaster.

System	Critical period	RPO	RTD	Owner
Example Payroll	End of month	1 day	1 day	
Example Oracle	End of week	2 days	1 day	

Recovery Point Objective (RPO) describes the age of the data you want to restore.  
Recovery Time Objective (RTO) is the time needed to recover from a disaster.

#### 3.2 System Profiles

Provide profiles of each system that will need to be restored. If appropriate, reference Operations and/or Maintenance documents which may provide the Disaster Recovery team members with other relevant details.

Name	Critical	Essential	Manufacturer	Job Run
Name of system	Yes/No	Yes/No	Manufacturer name	Daily/Weekly
